- National government:
USD 55,368,086
- International donors*:
NR
- Private sector: NR
- Other donors: NR

*Contributions by United Nations agencies or non-governmental organizations often represent funding from multiple donors.

INFRASTRUCTURE

It was reported that all schools have electricity, clean water, and piped water. Most schools have latrines but very few have dedicated eating spaces/cafeterias. Only 2% of program schools reported having on-site kitchens with amenities.

SPECIAL NOTES

Egypt's school feeding program started in 1942. The school feeding policy covers all school children from 4 to 12 years of age in the border regions.

The total budget reported above excludes the external funding and technical support provided by the United Nations World Food Program (WFP) and contributions of the Food Bank. Some data from UNESCO was used to complete this report.
